ACADEMIC APPEALS

Langsdorf Hall 805

Student Appeal of Grade Disputes or Charges of Academic Dishonesty

Students have the right of due process if they feel they have been treated unfairly or with prejudice. They may appeal a grade dispute or charge of academic dishonesty to the coordinator of academic appeals, who will guide them through the procedure to be followed. The student must go through several steps seeking to resolve the issue before it can be considered by the Academic Appeals Board, which is comprised of three faculty members and two students.

There is a strict time limit for the appeals process. The student must meet with the faculty member within 30 calendar days of the first day of the following semester (spring or fall). If the appeal cannot be resolved with the faculty member, department chair or dean, a written appeal must be submitted to the coordinator of academic appeals within 60 calendar days of the first day of the following semester. Contact the Office of the Vice President for Student Affairs for further information.

The Career Center provides career counseling and employment services. The center has designed many programs and services to fit career exploration, planning and employment needs. One of the most popular services is listing of local, part-time jobs for Cal State Fullerton students.

Whether a student is just beginning to think about a major or a career, or is ready to look for a job, the center has counselors and programs that will help define and achieve career goals. The center draws upon both on-and off-campus contacts and resources by working closely with employers and faculty to plan career programs. Make the time to get acquainted with and use the center's services and programs.

The center's website www.fullerton.edu/career is the first place to check for up-to-date information about all of our events, activities and services. On our website, you will find the calendar of events, the logon page for Titan Connection, career information pages created by industry specialist staff, links to employer websites, links to job search sites, resume writing tips, interview preparation, job search techniques, a career planning timeline and lists of employers attending campus events.

Opportunities for employment and internships are located on Titan Connection www.fullerton.edu/career. Titan Connection provides lists of student assistant positions on campus, internships, and full- and part-time employment opportunities in the community.

Walk-in advising is the first stop for all students and alumni who visit the Career Center. This is where the career decision-making process and labor market research can begin. Career counseling is available by appointment to assist students in developing career goals, determining methods of obtaining those goals and implementing a viable job search.

EUREKA, the California Career Information System, is a computerized program that provides clear and individualized approaches to career decision-making. The program will help you examine your skills, explore career options and research program information regarding graduate and professional schools.

The COMPASS community is a two-semester learning community designed for first-time freshmen who have not yet declared a major, or who are unsure about their choice of major. Staff members from the Career Center and the Academic Advisement Center collaborate with the Freshman Programs office to offer COMPASS students a structured experience that can make a strong contribution to their success at Cal State Fullerton. For further information on this learning community, please visit www.fullerton.edu/freshmanprograms.

Each fall the Career Center sponsors a Graduate and Professional School Fair that is attended by representatives from approximately 75 schools. Representatives come to campus to share information about their programs and to recruit Cal State Fullerton students.

Teacher Job Fairs are held during the spring semester and offer student teachers and other teacher candidates the opportunity to meet and interview with California school district representatives.

The Internship & Job Fair, which is held each fall and spring semester, offers excellent opportunities for students to meet with employers, to apply for positions, and to explore career and professional options. Students can meet with representatives from a variety of business, non-profit and government organizations to ask questions and collect career-related information.

Workshops and seminars are scheduled each semester. The workshops may include the following topics: career planning, resume writing, interview skills, job search techniques, business etiquette, Internet job searches, job search techniques for international students, and other college-to-work topics. A list of dates, times and locations are announced on our website: www.fullerton.edu/career.

The Campus Interview Program brings employers to campus each semester to conduct interviews for current professional job openings. This program provides graduating seniors, graduate students and alumni with opportunities to interview with these employers.

The Career Resource Library contains an extensive collection of job search, occupational and labor market information. A checkout system has been instituted that enables students to borrow materials overnight or over the weekend.

The staff of the Career Center is responsive to the needs of students, alumni and employers. Services are available without cost

to currently enrolled undergraduate and graduate students, as well as alumni who are within one year past their graduation date.

CONFERENCE MEMBERSHIPS

National Collegiate Athletic Association (NCAA) Division I Big West Conference

The rise of academic prestige at California State University, Fullerton has grown alongside the development of one of the nation's impressive young athletics departments. The intercollegiate athletics department provides student athletes the opportunity to compete against the country's finest competition, as well as providing a top-notch education. In an effort to ensure academic development, the university provides counseling systems designed specifically for student athletes. Those services include academic advisement, guidance counseling and daily study halls.

CSUF also has made a commitment to provide facilities that enable fans and athletes alike to enjoy first-rate competition. The long-awaited Sports Complex gives Fullerton fans a much-needed home multipurpose and soccer stadium. The complex provides a 10,000-seat stadium plus upgraded baseball facilities that seat more than 3,500. Also included are two lighted softball diamonds and a lighted track that enable fans to enjoy the university's many night events. Titan Gymnasium already enjoys tremendous popularity among the local community, with more than 4,000 fans able to attend home basketball (men's and women's), wrestling, women's gymnastics and women's volleyball events. An outdoor swimming complex, racquetball courts, weight-training facilities, a high-level gymnastics practice facility, plus facilities for wrestling make the Fullerton athletics complex a step above.

MEN'S INTERCOLLEGIATE ATHLETICS

Baseball

Few NCAA Division I baseball programs have enjoyed the degree of success that the Titans have had over the past 35 years. During that time, the Titans have won 23 conference championships, 17 regional championships, five super-regional championships, and four national championships. Major League stars Tim Wallach (Montreal Expos), Phil Nevin (multiple teams), Chad Cordero (Washington Nationals) and Mark Kotsay (multiple teams) have developed at Fullerton. In total, there have been 45 CSUF baseball products competing in the major leagues. Additionally, the Titans boasted two 1996 Olympic team members in Kotsay and Brian Loyd. Year in and year out, the Titans compete against the nation's finest programs and always come out winners.

Basketball

The development of Fullerton basketball has been one of college sports' finest Cinderella stories. Often in contention for the Big West Championship, the program has produced more than half a dozen professional prospects, including current NBA players Bruce Bowen (San Antonio Spurs) and Bobby Brown (Sacramento Kings). The Titans have made three NIT appearances to go with a trip to the NCAA Final Eight in 1978 and a second trip to the "Big Dance" in 2008. 1984 Olympic Team point guard Leon Wood is one of many fine athletes who have helped develop the Titans into a program that will continue to grow. The university's commitment to basketball ensures success in the years to come.

Cross Country

Men's cross country is making positive strides. The program competes in the very competitive Big West Conference, which is perennially in the spotlight of national attention. The campus and outlying community offer a beautiful setting, which enables the sport to set new standards among local and national universities.

Golf

After a hiatus of two decades, this sport returns to the Cal State Fullerton lineup for the 2009-10 academic year and will compete immediately in the Big West Conference. Jason Drotter, a teaching professional and coach at Villa Park High School, is director of golf and Titan men's coach. The reinstated men's and women's golf programs were made possible through private donations.

Soccer

Soccer is another of Fullerton's many sports where strong coaching has turned the program into a West Coast force. Former CSUF goalkeeper Bob Ammann has taken over the program from his retired mentor, Al Mistri, who developed one of Southern California's finest soccer programs. Fullerton shared the conference championship in 1986 and 1992, and placed third in the nation in 1993 and fifth in 1994. The Titans have upset the nation's No. 1 ranked team five times (in 10 attempts).

Track

Reinstated for the 1989 season, a spring outdoor track program provides a complement to the fall cross country schedule and should attract greater numbers of athletes. A refurbished running track is part of the Sports Complex and has accelerated the growth of a program that was one of the mainstays of Fullerton's athletics department in the early 1970s.

Wrestling

Another sport that few West Coast schools support is prospering in Orange County as CSUF proves that hard work and strong coaching can bring success. Prospective athletes will find an atmosphere that is unparalleled among California universities. Top-notch competition and an All-American environment are two reasons why Fullerton wrestling is so successful. The Titans compete in the rugged Pac-10 Conference and typically send multiple qualifiers to the NCAA championships under Coach Dan Hicks, a two-time NCAA champion in his own right.

WOMEN'S INTERCOLLEGIATE ATHLETICS

Basketball

The rise in popularity of women's basketball has its foundations tied to the success of Fullerton women's basketball teams. Under former Coach Billie Moore, the Titans won one of the very first national championships given out in the sport. Two of women's basketball's greatest names have risen from Fullerton – 1976 Olympian Nancy Dunkle and 1991 All-American Genia Miller, more recently Genia Miller Rycraw of the Los Angeles Sparks.

Golf

Women's golf returns to the Cal State Fullerton lineup for the 2009-10 academic year and will compete immediately in the Big West Conference. Pear Sinn-Bonanni, a three-time All-American at Arizona State and a member of the Ladies Professional Golf Association since 1990, will coach the women's program. Both men's and women's golf returns to Cal State Fullerton through the generosity of private donations.

Gymnastics

The consistent efforts of the women's gymnastics squad have made them a national power for virtually all of 30 seasons. No other school in the nation has produced more All-Americans or finished in the top three for more years than the Titans. Potential scholar-athletes receive an opportunity to compete and win year-round, and they have a new practice facility to perfect their routines.

Soccer

This popular and growing sport for women was added in 1993, and its success has matched the men's squad. They won their first Big West Conference Championship in 2001, and subsequent trips to the NCAA championships have taken Fullerton as far as the "Sweet Sixteen." In a few short seasons, the program has established a winning overall record. All-American Dolores Browning finished the 1995 season as the nation's No. 3 scorer. Demian Brown, a Titan assistant coach since 2004, is the current head coach.

Softball

The sport of softball continues to set standards of excellence on the local and national levels. Always a contender for the NCAA title, the Titans captured their first championship in 1986. Former Coach Judi Garman brought the university countless All-Americans, including former Broderick Award winners Kathy Van Wyk, Susan Lefebvre and Connie Clark. Head Coach Michelle Gromacki expects to continue the winning ways, and she won Big West Conference championships her first four seasons (2000-03). A two-diamond, on-campus facility enables an even greater audience to enjoy one of the nation's most successful teams face off against other national powers.

Cross Country

The rebirth of a spring track schedule has been a boon to cross-country, as athletes in the distance races can now train on a competitive level year round. Heather Killeen became the Titans' first Division I cross-country All-American in 1994 and then won three events at the 1995 Big West Conference Track Championships. She was one of 10 finalists for 1995 NCAA Woman of the Year.

Tennis

One of the university's many programs on the rise, Fullerton can take advantage of the beautiful climate of Orange County to attract the area's top tennis players. The Titans placed two athletes on the ITA Scholar Athlete All-America Team in 1996, Jennifer Canfield and Kara Kolb. More recently, Ruya Inalpulat earned a third-team berth on the Arthur Ashe Jr. national scholar awards.

Track – Indoor and Outdoor

Steady improvement and a growing coaching staff have combined to fuel optimism that the Titans will become a competitive force in the Big West Conference. A new running facility and the advancements made in distance running by the cross country team, combined with the climate in Southern California, should ensure Fullerton of a solid track program.

Volleyball

Titan volleyball is proving to be a program to watch. Recent success, combined with the obvious attraction of competing against NCAA Championship contenders who are members of the Big West, one of the nation's strongest volleyball conferences, make volleyball an exciting attraction. The acquisition of future athletes plus the development of budding stars should create an environment that will enhance the program's success.

FULLERTON ARBORETUM

The Fullerton Arboretum, a 26-acre botanical garden, is located on the northeast corner of campus. The gardens contain plants from around the world. Many are grouped according to their moisture requirements. Others form special collections such as conifers, palms, rare fruits and California natives. Special plant displays help visitors select materials for their own landscaping.

The recirculating waterfall, streams and ponds are a focal point for migratory waterfowl and visitors from the university and surrounding communities. The Arboretum is an island of serenity in an increasingly metropolitan environment.

The Arboretum also offers opportunities to study local history and culture at the Heritage House and the Orange County Agriculture and Nikkei Heritage Museum. Heritage House, nestled in the garden, is the restored residence and medical office of Dr. George C. Clark, an Orange County pioneer physician. The Clark home was built in 1894 and exemplifies the Eastlake Victorian style of architecture. The house is listed in the National Register of Historic Places and the Inventory of California Historic Sites. It is also an Orange County Historic Site. The Orange County Agriculture and Nikkei Heritage Museum displays exhibits that tell the story of Orange County's early agrarian days. Both are open to the public on weekends and weekdays by reservation.

The CSUF Associated Students, Inc. (ASI) helped to initiate the Fullerton Arboretum by contributing \$10,000 in 1971. Since

then, ASI has contributed support monies each year to hire students to help in the maintenance and operation of the Arboretum.

The Fullerton Arboretum is open 8 a.m. to 4:45 p.m., seven days a week. The Arboretum is closed on Thanksgiving, Christmas and New Year's Day.
