Intent to Apply

Intent to Apply is a program managed by our office that assists students applying to professional school.

Updates:

-Thank you to those of you who submitted applications. The 2016/2017 cycle applications are now being reviewed and processed.

-If you are considering requesting a letter packet, there is no set deadline for the office, however keep in mind when your letters need to be submitted to the schools you are applying to and allow due time for your packet to be completed.

-Post Bacc students, the deadline for Intent to Apply applications is March 18TH.

Lunch, Mingle, and Learn with the Health Professions Advising Office

Date: 4/8/2016

Time: 1:00pm-3:30pm

Location: KHS 199

Agenda

1:00pm- 1:30pm: Lunch and Resources

- A light lunch will be provided while students can mingle with Health Professions Advising Office Staff, students who have recently been accepted into professional schools, and students who are applying to professional schools this year. Health Professions Program brochures and other printed material will also be available for attendees to pick up. Representatives from pre-health profession student organizations will also be available to answer questions.

1:30pm-2:00pm: Accepted Students

- Recently accepted students who utilized the Health Professions Program Intent to Apply services speak about their experiences professional school application process.

2:00pm-2:45pm: Advising Workshop

- Dr. Mouttapa speaks about the Health Profession Program Office services and discusses characteristics of a high-quality, one-sentence, statement that best describes your readiness to matriculate into a professional school.

2:45pm-3:30pm: ItoA Questions

- This is an opportunity to ask any questions about the Health Profession Program Office and the Intent to Apply Process.

Health Professions Information:

Pre-Health Professions Minor

This minor was created to prepare California State Fullerton students, from any major, who want to pursue an advanced study in a health professional program. Students can declare the minor, which will give them a structured pathway to meet health professions prerequisites and recognizes this secondary field of study and specialization. Coupled with intrusive advising and additional resources, this program will enhance the competitiveness of all of our students for professional school, regardless of their major.

1. Students who are interested in declaring the Pre-Health Professions Minor should complete the Declare Interest form [here](#)
2. Completing the form will allow us to open a file for you in our database in the event that you choose and qualify to pursue the Pre-Health Professions Minor
3. You do not have to have all prerequisites completed to simply declare interest
4. When you have completed the minor prerequisites, send your most current Titan Degree Audit (TDA) to hpadvising@fullerton.edu
5. Your TDA will be reviewed to ensure you have fulfilled the GPA and pre-requisite course requirements
6. An email will be sent to approve or deny your request
7. If approved, you will be asked to pick up a Request for Minor Objective Form from Admissions and Records in LH-114
8. Bring the Minor Objective Form to our office to obtain a department signature
9. You will then be contacted to return the signed Minor Objective Form to Admissions and Records
